Dennis - I wanted to keep you up to date on where we are with the Schilke property concerns. This picture was forwarded yesterday to Tricia Pfeiffer, the staff person in Bert's program who has been working to follow-up on the concerns the Schilkes's have raised. (I am Tricia's first line supervisor, having taken Ayn's position while she is on detail.) From talking to Trish and Mrs. Schilke it sounds like this sheen is not a new situation but something that they have seen since this fall and that your staff has also seen first hand. This picture is just for your records.

I believe Bert left you a voice mail about our proposed next steps sometime last week. We hope to have the evaluation of data from ATSDR early next week at which time we would like to set up a call with you and your staff. Feel free to call me if you have any questions about Bert's voice mail. Otherwise I will be in touch when we have ATSDR's findings/recommendations.

thanks Dennis.

Johanna Miller

I just got off the phone with the Schilke's and the picture attached shows the sheen that is coming out of the stock well today.
